Our responsibility is to express an opinion on these Financial Statements, based on the audit performed. We performed the audit in accordance with the Law on the audit of financial statements no. 271 of 15.12.2017 and the International Auditing Standards (IAS).

Our objectives are to obtain reasonable assurance that the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report containing our opinion. Reasonable assurance is a high level of assurance, but is no guarantee that an audit conducted in accordance with International Standards on Auditing will detect a material misstatement when it exists. Misstatements can be caused by either fraud or error and are considered material if they could reasonably be expected, individually or in the aggregate, to influence the economic decisions of users made on the basis of these financial statements.

As part of an audit conducted in accordance with the SIA, we applied professional judgment and maintained professional skepticism throughout the audit. Also:

- We identify and assess the risks of material misstatement of the financial statements, due to fraud and error, design and perform audit procedures sensitive to those risks, and obtain sufficient and appropriate audit evidence to serve as a basis for our opinion. The risk of not detecting a material misstatement due to fraud is greater than that of not detecting a material misstatement resulting from error because fraud may involve complicity or forgery, intentional omissions, misrepresentations, or overriding internal control;
- In order to plan appropriate audit procedures in the given circumstances, we analyze the elements of internal control relevant to the audit, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control;

- We formulate relevant conclusions regarding the appropriateness of management's use of accounting based on the going concern principle and, based on the audit evidence obtained, we have not identified events, conditions or matters that indicate the existence of an uncertainty that would cast significant doubt the ability of the entity to continue its activity according to the principle of continuity. If we conclude that a material uncertainty exists, we are required to draw attention in the audit report to the related disclosures in the financial statements or, if those disclosures are inappropriate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of the audit report. However, some future events or conditions may cause the entity to stop operating on a going concern basis;
- We communicate to those charged with governance, among other things, the planned scope and timing of the audit, as well as the main audit findings, including any internal control deficiencies we identified during the audit.
